

Homeowner Survey Regarding Covenants

NOTE: If you are renting your home please forward this survey to the owner.

Please check one of the statements:

_____ I would like for the covenants to be established for homes in Huntington Park that currently do not have covenants, using the same text as covenants for the newest section (attached).

_____ I prefer that covenants NOT be established for homes in Huntington Park that currently do not have covenants, and that we rely on enforcement of county ordinances to protect neighborhood property values and quality of life. A summary of the county ordinances that apply to Huntington Park is attached.

If the results of this survey show that a *large majority* of homeowners would like to establish covenants for those homes that do not have covenants, the Board will send a consent letter to all affected homeowners. At that time these homeowners will be able to opt in or opt out of the covenants.

If you have another idea that would address the problem and contribute to a positive sense of community in HP, please explain below:

Please add any other comments you would like for the Board to consider:

Your Address: _____

(The address is optional, but it would be very helpful to us when we compile the data. Your response will be kept strictly confidential.)
